***THE BOYS ARE
BACK IN TOWN!***

The **FINAL LAP** 1

July 17 – Madera Speedway

This Saturday night, TK Motorsports' Swanson brothers will return to Central California to do battle at Madera Speedway's Pombo Classic. Saturday will mark the first time that the Swanson brothers have competed together at Madera in 2010, after combining for 8 feature wins at the 1/3 mile oval in 2009. Kody Swanson has competed once at Madera thus far this season, making his SMRA SuperModified debut behind the wheel of Lance Tatro's #72 at the Vukovich Classic on May 8th. In his debut event, Kody drove the #72 to a trophy dash victory, and led during the feature event before finishing in the 2nd position. This Saturday, Kody will return to the SMRA SuperModifieds in the Tatro Racing machine, hoping to improve upon his Vukovich Classic effort, and notch his first career SuperModified feature win.

After winning 4 times in USAC Western Midget competition in 2009, Tanner Swanson opened his 2010 USAC National Midget career with a feature victory at the "Night Before the 500," winning in only his first attempt at Indianapolis' O'Reilly Raceway Park. This weekend, Tanner will return to Madera Speedway to take on the Bay Cities Racing Association Midgets, driving the Paul Eskesen owned #10. However, if Tanner wants to notch his 1st feature win behind the wheel of the Eskesen #10, he'll have to out-duel his older brother, as Kody will compete in the midget division in Prickett's Neverliff Motorsports #15.

The Pombo Classic festivities will kick off on Saturday afternoon, with Grandstands opening at 3:45pm, and adult tickets available for just \$20. Discounted tickets are available for seniors, juniors and families, while children 5 and under get in FREE with a paying adult. For more information on the races, please check out racemadera.com, and as always, thanks for your interest in TK Motorsports!
